MEMORANDUM FOR: Comptroller

SUBJECT : OS Budget
(Cost of Protective Services)

1. Pursuing our mutual interest in the aggregate cost of protective services (largely guard service) you will note in our memorandum to you of 4 March 1959, under the subject of "OS Budget", we listed a number of interesting facts concerning guard service and costs.

2. I believe a 'high level' meeting with GSA representatives, including someone from your and our office, on this subject would be valuable in clarifying certain items of concern to us in this service and would provide a basis for tighter controls on services and charges in the future. If you concur, we will arrange such a meeting.
